

## **Section 1000 – Board Bylaws**

1190    Superintendent Accountability

1190

The Superintendent is accountable to the Board acting as a body. The Superintendent is the Board's sole link to overall District achievement and conduct so that all authority and accountability of staff, as far as the Board is concerned, is considered the authority and accountability of the Superintendent. Accordingly:

- The Board or its individual members will not provide instruction to staff who report directly or indirectly to the Superintendent;
- The Board will not evaluate any staff member other than the Superintendent; and
- The Board will view successful Superintendent performance as identical to overall District success of the Board's Ends Policies and compliance with other Board policies.
