

Section 4000 – Business Management

4080 Emergency Closings

4080

The Superintendent is authorized to close the schools in case of inclement weather or other emergency which makes it unsafe for students to attend school. The Superintendent may delay the opening of school in cases of fog or ice until such hour as it is anticipated conditions are safe for transportation. The Superintendent shall develop a process to make appropriate information available on which to base the decision.
