4300 Student Transportation Management (Cf. 4350)

4300

The Board may provide transportation to students in the District. If provided, student transportation shall be safe and economical. Any use of buses by the District shall conform to state law.

Bus transportation may be provided to and from school for those students who qualify. Transportation may be provided by the District for extra-class activities. Students are prohibited from driving personal automobiles to District-sponsored activities held during the school day unless student self-transportation is approved as per policy 4350.

Students must observe the rules and regulations developed by the administration governing student transportation. Students will also be subject to the school's behavior code while riding school buses. The Superintendent may suspend or revoke the transportation privilege or entitlement of any student who violates any administrative rules or regulations.

All such rules shall be published in the student handbook or copies given to students and parent(s)/guardian(s) at the beginning of the school year.

Bus drivers shall report any violation of said rules to the appropriate administrator who shall take the necessary steps to discipline students according to Board policy. As a disciplinary action for violation of District rules, a student may be refused school bus transportation but required to attend school.
